## What

A forum for chemical industry and DOE representatives to share practices for meeting management's chemical safety responsibilities. This workshop initiates an ES&H mutual assistance network within DOE and between DOE and CMA at the manager and practitioner levels in the spirit of the DOE/CMA Memorandum of Understanding. The workshop will allow participants to share testimony to the value of chemical industry advances in ES&H to the bottom line of the organization and discuss technical issues for implementing a chemical safety program.

## Why

To:

- Learn how chemical safety affects the bottom-line
- Share ideas & practices
- Form an ES&H mutual assistance network
- Enhance chemical safety programs
